

Fort Wayne Sentinel.

SATURDAY, APRIL 7, 1855.

Water will not be let into the Canal before Tuesday evening, as the necessary work of cleaning out and deepening cannot be completed earlier. Navigation to the east will commence on Wednesday; to the west, about a week later.

Total Rout of the Know Nothings!

At our township election last Monday, the Cayennes were signalily defeated—beaten "horse foot, and dragoons," by a vote of more than TWO TO ONE! We have no disposition to exult over a fallen foe, nor is it necessary to say much on the occasion. The figures speak for themselves, and show what a miserable minority they are who have arrogantly claimed the power to dictate to their fellow citizens the form in which they shall worship their God; and have sought to impose restrictions on the right of citizenship in express violation of the constitution.

The Know Nothings tried their old dodge of stealing in under the specious guise of an "Independent Ticket," containing the name of some who do belong to the order; but the trick would not answer. The democrats voted the democratic ticket, and defeated the "Independent," by an average majority of upwards of 300! Glory to the indomitable democrats of Wayne township!

For Trustees,
A. Tolerton, dem. 519
F. Nirdlinger, dem. 445
J. Edwards, 230
T. W. Swinney, 189
J. Johnson, 63
D. O'Brady, 9
Tolerton and Nirdlinger elected.—Tolerton for 2 years, and Nirdlinger for 2 years.

For Clerk.
Wm. Fleming, dem. 526
A. M. Morrison, 250
Treasurer.
O. P. Morgan, dem. 510
W. W. Jeffers, 231

J. P. Waters, H. Bukler, J. M. Philabum, and Wm. Henderson were elected Constables.
For road Supervisors, T. Hamilton, Jr. was elected in the 1st district; J. H. McMaken in the 2d; Josh. Holmes in the 3d; Neil McNair in the 4th; I. Connell in the 5th; J. Campbell in the 6th; Jacob Cantz in the 7th; J. J. Kile in the 8th.

The total number of votes polled was 825.
PEASANT.—Very.—The democrats in Pleasant township organized their forces and boldly encountered the fusionists, who for the past two or three years had had the majority. The result was a signal democratic victory. This shows what can be effected by organization, and we trust it may induce the democrats in every township, who haven't already done so, to organize themselves and prepare for the fall campaign.

There were two Trustees to elect this year. The vote is as follows:—
For Trustees.
Jacob Smith, dem. 109
Geo. Masser, 92
J. Gobble, k. n. 69
Hugh O'Hara, k. n. 57
Justice of the Peace,
James Fulton, dem. 89
Abraham Fulton, k. n. 68
D. Bennett, ind whig 36
Clark, 98
J. A. Robison, dem. 98
M. Maguire, k. n. 71

In Lafayette township also, we learn the democrats routed the Cayennes, but we have not heard the particulars.
"We have met the enemy and they are ours!"
PERRY.—The democrats organized and succeeded in beating the fusionists. The contest was principally for Justice of Peace. The fusionists very consistently nominated Jas. Ballou, a grocery keeper, as their candidate. That class being somewhat influential in Huntertown, it was thought advisable to lay aside the question of temperance, which was so prominent a plank in the fusion platform last year. But this could not save them. The democratic candidate, Joseph Hunter, beat him by 20 votes. Fusionism, which at one time was rather rampant in Perry, is getting at a low ebb. Next fall we shall look for a pretty respectable majority in Perry.

CEASAR CREEK.—The democracy in this township regularly organized and gave poor Sam a terrible flagellation, beating his ticket to the tune of 25 democratic majority. With a proper organization on the part of the democrats we shall be able to beat the fusionists in almost every township.

General Route of the K. N.'s.—Sam has been badly defeated at the recent elections in Cincinnati, Dayton, Evansville, Toledo, Fort Wayne, Akron, Chillicothe, Cuyahoga Falls, Sandusky, Fremont, and many other places.—The old proverb says "every dog has his day," Sam evidently has had his—and a sad dog he was.

In Indianapolis, Piqua, Columbus, Cleveland, and a few other benighted places, the K. N.'s succeeded by meagre majorities; but even there their strength is broken and their race nearly run.

LECTURE.—H. McCulloch Esq. delivered an interesting lecture on the Crusades on Tuesday evening, abounding in historic fact and replete with eloquent description. The history of the city of Jerusalem, its captures, rebuilding, and destruction; rise and progress of Mahomedanism; conquests of the Saracens and Turks; and finally the mighty efforts of the whole Christian world to regain possession of the Holy Land, were graphically portrayed. It was truly an able and instructive lecture evincing a thorough knowledge of the subject, a commendable degree of research in collecting the facts, and an admirable tact in arranging them.

Hon. HORACE MANN's Lecture last evening we look upon as the crowning one of the series. His subject was Woman, and he handled it with the skill of a master and the zeal of a true philanthropist, showing what the true sphere of woman is, and giving a world of good advice to her hearers, which it is devoutly to be hoped they will profit by. Our limits forbid us attempting to give even an outline of this admirable lecture, but we may remark that for eloquence, humor, and good sound sense we have seldom heard it equal. Mr. Mann certainly deserves the high reputation he enjoys.

Legitimate Fruits of Know Nothingism.—Contested Election Riots in Cincinnati.

At the election in Cincinnati last Monday Know Nothingism, frantic at the defeat which awaited it, became perfectly furious, and showed its native deformity in the most hideous light. Large gangs of infuriated K. N.'s made a wanton and unprovoked attack on the Germans in the 11th and 12th wards, and destroyed the ballot boxes and tally papers. The Germans retired to their homes and procuring arms resolved to defend themselves to the last. The riots continued three days, in the course of which one man was shot dead, two mortally wounded, and about 20 others wounded, some quite seriously.

Our Cincinnati papers having failed to arrive, we have not seen the full particulars. It appears plain however, that the K. N.'s were the aggressors, and that it was a preconcerted plan to destroy the ballot boxes in these wards, where the democratic majority was known to be heavy, in order to change the result of the election. Counting the votes of these wards, Faran, the democratic candidate for Mayor is elected by 1300 majority; without these wards, Taylor, K. N. has about 200 majority.

This is one of the most horrible outrages on the sanctity of the ballot box it has ever fallen to our lot to record. Its enormity is heightened by the fact that it was committed by a party boasting of being exclusively and preminently American in feeling, and who claim to be the great champions and safeguards of the purity of elections and the perpetuity of our institutions. O, shame, where is thy blushing! The clean foot is now plainly shown. Know Nothingism has revealed itself to the public gaze in its true colors; and hereafter all peaceable law-abiding citizens must shun its foul approaches.

The cause for this savage outbreak may be found in the fact that the oath-bound conspirators found themselves so completely defeated by the popular vote. Last October, they carried the city by a majority of 5425; at this election they are in a minority of 1333—showing a net loss, in six months, of 6758 votes. Their vote has decreased 3300, while the democratic vote has increased 3400. The sober second thought of the people has decreed the downfall of this monstrous anti-republican secret order. Their daring setting at defiance of all law will only precipitate the catastrophe.

New Map of the City.

Mr. E. R. Abbott, civil engineer, has got up a splendid map of Fort Wayne, on a large sheet over four feet square, showing all the lots, lots, streets, canal, railroads, &c. and the several additions to the city. It is beautifully engraved, and gives views of the Old Fort, the public buildings, Jones, Bass & Co's Car Factory, and several of the principal private residences.

The Map is worthy of the growing importance of our City, and its enterprising and talented projector deserves and will doubtless receive an ample remuneration for his labors. His map ought to be purchased by all our citizens.

DENTISTRY.—We refer our readers to the card of Dr. Knapp, in another column. He comes here well recommended, and will give entire satisfaction to all who need any thing in the line of his profession.

Those fresh Shad at M. Drake's are a real luxury. Try them. All who have ever been at the sea-board during the early spring know in what estimation that rich fish is held. They have hitherto been as a sealed book to us at the West; but now, thanks to the railroads and Moses Drake, we are placed on an equality with our eastern friends in this respect. Fresh shad in Fort Wayne! Who now will deny the use of railroads or the enterprise of Moses?

To see a splendid assortment of new and fashionable goods, call at the Boston Store, under Colerick's Hall. It can't be beat this side of Stewart's marble palace. Mr. Abbott is not the man to let any one have the start of him, either in beauty or variety of goods or lowness of prices.

Pretty well said.—We find the following truthful and sensible remarks in the New York Railroad Advocate, to which we would direct the attention of those interested. The Advocate is a comparatively new paper, recently commenced by the well known, Robert Colburn, and richly deserves the patronage of railroad men, engineers, manufacturers &c.

Dignified Economy.—The Ohio and Indiana road is more indebted to the good offices of newspapers than any other road we know. It does not condescend, however, even to advertise in the leading Fort Wayne papers. The economy is had in principle, and in bad taste. It is lucky for the road that the public has patronized it, in part through the labors which the railroad officers choose to ignore.

The State of Indiana a Doggery.—The new Liquor Law converts the State of Indiana into a Doggery—and to carry out the law the people are required to fork over the dimes to furnish the liquor. We think there will be a little squirming manifested among the people, when they have to pay over their liquor tax.

The new law authorizes the appointment of township agents to sell liquor, and requires the County Commissioners to furnish the necessary funds to the agents, out of the County Treasury, to purchase the liquor with. The Commissioners must get the money into the treasury before they can order it out—consequently they must raise it by taxation. Now the question naturally arises, how much will it require to supply Orange county? We have ten townships—say \$200 will furnish one township with the necessary assortment of liquor—this is a low estimate—then to supply the ten townships, it will require \$2,000. Then the agents are to be paid by the county.—There will be ten. Say they can be had at \$150 a piece, which will make \$1,500—making \$3,500 to be raised by taxation. The account will stand thus:

For whiskey &c., for the county, \$2,000 00
Salary of ten agents, 1,500 00
Total, \$3,500 00

To raise this amount, it will require a tax of about 15 cents on the \$100. According to the law, the profits on the \$2,000 worth of liquor will be \$300—not half enough to pay the agents.

There will be a very profitable business, over the last shoulder, for the tax payers of Orange county. We are already heavily burdened with taxes—but it appears there is to be no surcharge of them. This is the fruit of prohibition—it is only a state of what the people may expect from the total law party, if they give them the power.—Poor Engle.

Allen County contains 20 townships—so many as Orange—consequently the above estimate must be doubled in our case. Are the tax-payers prepared to pay over \$7000 as their share of the cost of electing an incompetent, ill advised, cubusines-like fusion Legislature? It appears to us it will be paying rather dear for the whale.

CINCINNATI, April 2.

The U. S. Marshall has been committed to jail for contempt of Court in refusing to produce the girl Rosetta before the judge. It is found that the girl has been rescued from the authorities, and much excitement existed in the court in consequence.

Judge McLean of the Supreme Court subsequently discharged Mr. Robinson, on writ of habeas corpus. The judge in his decision said: "A sense of duty compels me to say that the proceedings of the Honorable Judge were not only without the authority of law, but against law, and that the proceedings are void, and I am bound to treat them as a nullity. The Marshal is discharged from custody." The girl Rosetta has also been discharged by the U. S. Commissioner. Orders had been issued to prepare transports at Toulon for fifty thousand men and eight thousand horses.

General Weddel, the Prussian Envoy, had returned to Paris.

The Monitor officially contradicts the report that General Forey had corresponded with the enemy in the Crimea; he had been recalled, however.

The Madrid correspondent of the London Times gives a detailed account of the late conspiracy in Cuba. He says the government had received confidential communications from Concha, that the addition of Cuba had inspired him with much uneasiness. He recommends that concessions be made to the colony, and that a Cuban Deputy be sent to the Spanish Cortes. He begs of the government not to emancipate the slaves, which he says would be a fatal measure, and cause Cuba to seek admission into the United States. He says if the Cubans cannot be pacified by concessions, twenty thousand troops could not retain the Islands to Spain. On the 8th March government announced to the Cortes that tranquility had been restored in the island, and the government would use all the means in its power to prevent further difficulty. A vote of satisfaction was unanimously agreed upon the Chamber.

COMMERCIAL INTELLIGENCE.

Price of Breadstuffs were a shade higher, and the marked closed firm. Western Canal Flour is quoted at 42s, and good Ohio 46s, 6d, being a material advance. White Wheat is quoted at 12s 6d, and Red at 11s 6d. White Corn is quoted at 43s, and Yellow at 42s 6d.

There was no change in the prices of Pork, Beef or Bacon, and the business was only of a limited character.

Lard was dull, and prices lower.

At London Money was easier. Consols closed at 92 1/2.

The advances from the manufacturing districts are favorable.

Since the death of Nicholas of Russia the general aspect of commercial and money affairs had undergone a favorable change, and hopes of a cessation of hostilities were more generally entertained.

The gold in the Bank of Eng'land was increasing, and rates of interest had declined to 4% per cent. for first class short bills.

Brown & Shipley report a slight advance in Breadstuffs, amounting to 2d. per bushel in Wheat and 1s. in Flour and Corn, but buyers were not willing to pay the advance and were holding off for lower rates.

Richardson, Spence & Co. quote interior Beef dull, while holders of good brands were demanding an advance with sales of Mess at 101s. 3d. a 102s. 6d. Pork in limited demand at 77s. 6d a 78s. Bacon is 1s 2d lower, but in better demand at the decline. Sales of 100 bush. Lard at 47s.

GENERAL INTELLIGENCE.

The latest advices from St. Petersburg leave but little doubt that Alexander is determined to carry out the war policy of his father with determination and energy, lest there were some doubts in regard to his capacity to do so.

The last advices from the Crimea say the allies had opened a tremendous cannonade on Sebastopol, and the indications were that matters would be brought to a crisis very soon.

The news from France is of no special interest. Nothing is said of the difference between her and England in regard to the War Committee.

Nothing had been developed in reference to the proceedings of the Peace Conference at Vienna.

The opinion was gaining ground in England that a dissolution of Parliament would take place.

Public attention was fixed on the conference at Vienna, many hoping the negotiations would result in a peace, while several feared the contrary. The Austrian and Prussian circulars indicate peace, but the manifesto of Alexander to his army is looked upon as very warlike.

The Vienna Conference had its first formal meeting on the 15th, but Gortschakoff, the Russian Ambassador, was not present.

There is nothing new from the Danube.

Roeckeb's committee was still engaged in the investigation of the abuses of the campaign in the Crimea.

The ministerial crisis in Belgium still continued.

An interesting paper from Gen. Concha had been laid before the Spanish Cortes, in reference to the Cuban conspiracy, commanding that concessions be made to the Cubans. A vote of approval was unanimously passed by the Cortes.

A new Bavarian loan has been promulgated.

At the opening of the Vienna Conference there were present one French, two English, two Austrian, and two Turkish representatives. Telegraphic reports say the discussion in regard to the basis of negotiations of peace had been terminated satisfactorily. A rumor was current that Austria and England would be content with a demotion of Sebastopol, but Napoleon demands a further guarantee. At the last advices the convention had exchanged powers, and agreed upon the four points forming the basis of negotiations, with the interpretation and presentation of the respective plenipotentiaries accepted. When one of the Plenipotentiaries had been drawn up a protocol, which was to be signed the morning of the 16th, the estatute was to draw up a protocol, which was to be signed the morning of the 17th.

The Extension Company.....\$169,729 49
The Extension Company.....65 95 78

The length of the Clinton Line road from Hudson to Kinsman is 55.3 miles; of the Extension from Hudson to Tiffin, 93.84.

The estimated cost of the former, as revised, \$1,211, 951.98, or \$21,905.10 per mile; of the latter, \$2,202,376, or \$23,469.48 per mile.

When it is considered that these estimates contemplate a first class road in all respects, including a full equipment with station buildings, &c., that the line is remarkably direct and of easy transit, in least radius of curvature being 2,865 feet and the maximum grade less than 40 feet per mile, except at a high point for a short distance going west where it is 42.88 feet, this estimate will be regarded as presenting a road adding to its other favorable elements that also of cheapness of construction. The reduction in the price of material and labor during the year has increased a saving in the estimated cost of about \$3,000 per mile.

The mission of General Weddel to Prussia completely failed, as Prussia refuses to accede to the treaty with the allies, and will not, therefore be admitted to participate in the confederacy.

Letters from Sebastopol of the 1st March explain the discrepancy between the French and Russian accounts of the storming of the redoubt on the night of the 23d. The French did storm two Russian redoubts on the night of the 23d, but, finding them not tenable, blew them up, retiring with a loss of one hundred killed and three hundred wounded.

In a dispatch dated March 1, Menchikoff says: "During the fire the last night we erected a second redoubt in front of that which is on the side of our fortifications, and it was taken by us." Mr. McKelly will hereafter make his residence in Bucyrus.

We are sorry to part with Mr. Earl. In our short interview with him we discovered a man in whom there is much to admire. He is abundantly endowed with all the qualifications that constitute a good citizen and a perfect gentleman.

A dispatch from the Crimea, dated March 3, says the Russians were in a formidable manner, fortifying the valley of the Inkermann.

They were also erecting two batteries near Kamara, threatening Balaklava. They had sunk two other ships in the harbor of Sebastopol.

The official French dispatch gives information of the death of Nicholas, reached Balaklava, March 16.

The English siege works were progressing with the greatest activity.

Austria had notified France and England that the mission of Austria (of the Arch Duke William) to St. Petersburg was to act in sympathy merely.

Austria had addressed a letter to the German Federal Government, informing them that an Austrian commissioner will present new propositions to effect the mobilization of the Germanic contingent.

The circular also insists of the necessity of being prepared for all eventualities.

Prussia has issued a circular to all her diplomatic consular agents, saying it has reason to believe the negotiations now pending will terminate in peace.

The same government has, by a decree, prohibited the exportation of articles contraband of war.

BUFFALO, Wednesday April 4.
The Wisconsin Legislature adjourned yesterday. The Liquor Law has been vetoed by the Governor. Cole is probably elected Judge of the Supreme Court.

Voting Oaths of the Know Nothings.—Here they are, taken from their own ritual and their own language, word for word:

"I, voluntarily and freely, do solemnly promise and swear before Almighty God, that these witnesses around me assembled, that I will not, under any circumstances whatever divulge or make known to any person or persons, either directly or indirectly, or to any human being other than those I shall know to be good and true members of the order, the name, secret ob-

"servies or ministeries of the same, or cause or allow the same to be done by others if within my power to prevent the same.

"I also promise and swear that I will due obedience pay to the constitution, laws and edicts of the Honorable Grand Council of the State of Ohio, and to the laws which govern—Council No.—so far as they may come to my knowledge.

"I also promise and swear, whenever I may vote at any election, that vote shall, in all cases be for native-born American citizens only, and that I will ever seek the political advancement of those who are good and true members of the order.

Mr. Editor.—Please announce JAMES HOWE as a candidate for the office of City Marshal.

MANY DEMOCRATS

We are authorized to announce J. F. FRANK as a candidate for re-election to the office of City Marshal.

P

Editor of the Sentinel.—You will announce to the voters of the City of Fort Wayne that ROBERT C. FULSON is a candidate for the office of City Marshal at the election for City Officers which comes off the 1st day of May next.

MANY VOTERS

Fort Wayne, March 31st, 1855. 539

The prevalence of incorrect notices upon the subject of medicine, is a great cause of misery. Medical practice should be governed by principles causally deduced from the contributions of long experience and close observations. How important, then, that no medicine should be taken by invalids, unless it emanates from the hands of men of talents, judgment, and the strictest probity.

Houffland's German Bitters, prepared by Dr. C. M. Janck, Philadelphia, is a preparation emanating from one of the most celebrated practitioners of modern times, and one of the greatest medical writers Germany ever produced.

This article is now in able hands, as evidence that the article is prepared carefully and skilfully, it is producing the effect the original inventor intended. It is used by many of the leading practitioners of Philadelphia in cases of debility of the digestive organs, and biliary apparatus, and the diseases arising therefrom. We therefore recommend this medicine to suffering invalids. See advertisement.

2857.

A WONDEROUS DISCOVERY has recently been made by Dr. Carter, of this city, in the treatment of Consumption, Asthma, and all diseases of the lungs. We refer to "Dr. Carter's Hygeia, or Inhaling Hygeian Vapor of Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has innumerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—exhaling—breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavities of the lungs, and thus escape the many varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeia is to sale at all the druggists throughout the country. New York Dutchmen of Jan. 14th.

See advertisement of Medicated Inhalation in other column of this paper.

GREAT CURE OF RHEUMATISM.—The Editor of the Richmond Republican, of Dec. 24, 1852, say that Carter's Spanish Mixture is no quick medicine.

They had a man in their press room who was afflicted with violent merciful rheumatism, who was continually complaining of misery in the back, limbs and joints;—his eyes had become lecherous and miliary;—his neck swollen, throat sore, and all the symptoms of rheumatism, combined with Scrofula. Two bottles of Carter's Spanish Mixture cured him, and in an editorial notice as above, they bear testimony to its wonderful effects, and say their only regret is, that all suffering with diseases of the blood are not aware of the existence of such a medicine. They cheerfully recommend it. See their certificate, and notice in round the bottle. 3438

COMMERCIAL.

Fort Wayne, Saturday, April 7.

Wheat, to-day, is selling at 1 75 a 1 80; a few lots, yesterday, were run up to 1 89. Flour, city, retail 9 00; country, from wagons, 8 50—Potatoes are coming in freely, and have declined. Little or no change in other articles.

Corn 45 a 50; Oats 28; Barley 1 25; Ryegrass 8 50; Beans 2 00; Potatoes 75 a 87; Onions 75; Butter 15; Cheese 10; Eggs 10; Salt 10; Lard 6 75; Hams 7; Pork 4 00 a 25; Beef 4 a 5; Flaxseed 1 00; Clover Seed 5 00 a 3 50; Timothy Seed 1 25 a 1 75; Wool—Green Apples 1 50 a 1 75; Dried 2 00.

DIED.—On Thursday last aged 5 years, EMMA ELIZABETH, daughter of Mr. R. McMULLEN, of this city.

On Tuesday last, Mr. ALEXANDER M. MCJUNKIN, the deceased had long been a resident of our city, and was universally esteemed for his great probity, unfailing energy, and honesty of purpose.

For a number of years he taught school, and was unweary in his labors to instruct the youth committed to his charge in the useful branches of knowledge and science, and fit them to become useful members of society. His labor in this respect may justly be considered a "labor of love," as it is a well known fact that he was very inadequately remunerated, receiving but a scanty pittance, scarcely sufficient for bare sustenance, for the unremitting labors of the best years of his life. His former pupils, we understand, are raising a contribution to erect a monument as a tribute of respect to his memory, and an acknowledgement of their indebtedness to his care and instruction.

For the last three years the deceased was Secretary of the Fort Wayne & Chicago Railroad Company.

NOTICE.

THE copartnership heretofore existing under the name and firm of OAKLEY & FRENCH is this day dissolved by mutual agreement, and the firm will be continued by B. W. OAKLEY & SON, who will continue the business at the old stand Granite Block, No. 79 Columbia Street.

B. W. OAKLEY,
R. MORGAN FRENCH
Fort Wayne, April 24, 1855.

Administrator's Sale of Real Estate.

NO. 105 is hereby given that in pursuance of an order of the Court of Common Pleas of Allen County, the undersigned, Administrator of the Estate of Edward Walker, deceased, will sell in private sale, and in public auction due and firm will be settled by B. W. OAKLEY & SON, who will continue the business at the old stand Granite Block, No. 79 Columbia Street.

B. W. OAKLEY,
R. MORGAN FRENCH

Fort Wayne, April 24, 1855.

Election Notice.

A Election will be held in the city of Fort Wayne, on Tuesday, the first day of May, A. D. 1855, at the following places:

1st Ward, at Muncie's school house.
2d Ward, at Court House.
3d Ward, at James Edwards' shoe shop.
4th Ward, at C. W. Allen's carpenter shop.
5th Ward, at the basement room of Rockhill House; or the election of the following officers: Mayor, two Commissioners from each ward, Clerk, Assessor, Treasurer, Civil Engineer, Street Commissioner, and City Attorney.

A. J. EMRICK,
Clerk of City of Fort Wayne.

April 16, 1855.

44-40
Fort Wayne Times copy.

100 HALF BOXES GLASS, 8x10, 10x12, and 10x14 to sold out.

120 KEGS of Jumata Nails and Brads at Old Lucky No. 3. J. & C. ORFF.

10,000 GALLONS STONEWARE, at Old Lucky No. 4.

DR. JOHN BULL.

SOMETHING NEW AND VALUABLE.

The most powerful Ring on the face of the globe. The power of the crowned heads of Europe sink into insignificance when compared to our American King. The pictures exhibited in the State Fair, at Lafayette, were universally admitted to be far superior to any collection of pictures before, for which he was awarded a Premium and Diploma.

Those who want pictures of themselves or friends are respectfully invited to call and see the

REAL PREMIUM DAGUERREOTYPES.

"Sweet copy, far more dear to me, lifeless, undying, true to me, the picture of a form calm, a savor who placed her next my heart."

Mr. A. McDONALD

returns his sincere

thanks to the citizens of Fort Wayne, and vicinity for their liberal patronage.

He is respectfully invited to call, examine

specimens of his pictures, and the pictures of

which the Daguerrean art has arrived.

James M. Jackson, Trustee.

John E. Vassar, Trustee.

Water will not be let into the Canal before Tuesday evening, as the necessary work of cleaning out and deepening cannot be completed earlier. Navigation to the east will commence on Wednesday; to the west, about a week later.

Total Rout of the Know Nothings!

Have you seen SAM?

At our township election last Monday, the Cuyennes were signally defeated—beaten "horse and jockey," by a vote of more than TWO TO ONE! We have no disposition to insult over a fallen foe, nor is it necessary to say much on the occasion. The figures speak for themselves, and show what a miserable minority are they who have arrogantly claimed the power to dictate to their fellow citizens the form in which they shall worship their God, and have sought to impose restrictions on the right of citizenship in express violation of the constitution.

The Know Nothings tried their old dodge of stealing under the specious guise of an "Independent Ticket," containing the names of some who do belong to the order; but the trick would not answer. The Democrats voted the democratic ticket, and defeated the "Independent," by an average majority of upwards of 300! Glory to the indomitable democrats of Wayne township!

For Trustees,

A. Tolerton, dem.	519
F. Niedlinger, dem.	445
J. Edwards,	230
T. W. Swinney,	189
J. Johnson,	63
D. O'Farrell,	9

Tolerton and Niedlinger elected.—Tolerton for 3 years, and Niedlinger for 2 years.

For Clerk,

Wm. Fleming, dem.	526
A. M. Morris,	250

Treasurer.

D. P. Morgan, dem.	510
G. W. Jolliffe,	231

J. P. Waters, H. Bubler, J. M. Philaburn, and Wm. Henderson were elected Trustees.

For Superintendents.—"Hannington" was elected in the 1st district; J. H. McMahan in the 2d; John Holmes in the 3d; Neil McNeil in the 4th; J. Cramm in the 5th; J. Campbell in the 6th; Jacob Cantz in the 7th; J. J. Kilb in the 8th.

The total number of votes polled was 825.

PLEASANT—YEA.—The democrats in Pleasant township organized their forces and boldly encountered the fusionists, who for the past two or three years have had the majority. The result was a signal democratic victory. This shows what can be effected by organization, and we trust it may induce the democrats in every township, who have already done so, to organize themselves and prepare for the fall campaign.

There were two Trustees to elect this year.

The vote is as follows:

For Trustees.

Jacob Smith, dem.	109
Geo. Mose, " "	92
J. Cobble, k. n.	68
Hugh O'Hara, k. n.	57

Justice of the Peace,

James Follett, dem.	49
Abraham Follett, k. n.	68
D. Bennett, ind. whig	36

Clerk,

J. A. Robinson, dem.	98
M. M. McGuire, k. n.	71

In Lafayette township also, we learn the democrats routed the Cuyennes, but we have not heard the particulars.

"We have met the enemy and they are ours!"

PEACE.

In Perry township the democrats organized and succeeded in beating the fusionists. The contest was principally for Justice of Peace. The fusionists very consistently nominated fax Ballou, a grocer's keeper, as their candidate. That class being somewhat influential in Huntertown, it was thought advisable to lay aside the question of temperance, which was so prominent a plank in the fusion platform last year. But this could not save them. The democratic candidate, Joseph Hunter, beat him by 20 votes. Fusionism, which at one time was rather rampant in Perry, is getting at a low ebb. Next fall we shall look for a pretty respectable majority in Perry.

CEDAR CREEK.—The democracy in this township regularly organized and gave poor Sam a terrible singularity, beating his ticket to the tune of 25 democratic majority. With a proper organization on the part of the democrats we shall be able to beat the fusionists in almost every township.

General Route of the K. N.—Sam has been badly defeated at the recent election in Cincinnati, Dayton, Evansville, Toledo, Fort Wayne, Akron, Chillicothe, Cuyahoga Falls, Sandusky, Hamilton, Fremont, and many other places—The old proverb says "every dog has his day." Sam evidently has had his—and a sad dog he was.

In Indianapolis, Plumb, Columbus, Cleveland, and a few other Wrighted places, the K. N. was defeated by negro majorities; but even there their strength is broken and their race nearly run.

LEWISBURG.—H. McCulluch Esq. delivered an interesting lecture on the Crusades on Tuesday evening, abounding in historic fact and replete with eloquent description. The history of the city of Jerusalem, its captures, rebuilding, and destruction; rise and progress of Mahomedanism; conquests of the Saracens and Turks, and finally the mighty efforts of the whole Christian world to regain possession of the Holy Land, were graphically portrayed. It was truly an able and instructive lecture, a commendable degree of research in collecting the facts, and an admirable tact in arranging them.

The Honorable Mann's Lecture last evening we look upon as the crowning one of the series. His subject was Woman, and he handled it with the skill of a master and the seal of a true philanthropist, showing what the true sphere of woman is, and giving a world of good advice to his fair hearers, which it is devoutly to be hoped the will profit. Our limits forbids us attempting to give even an outline of this admirable lecture, but we may remark that for eloquence, humor and good sound sense we have seldom heard its equal. Mr. Mann certainly deserves the high reputation he enjoys.

Legitimate Fruits of Know Nothingism.

Terrible Election Riots in Cincinnati.

At the election in Cincinnati last Monday the Know Nothingism, frantic at the defeat which awaited it, became perfectly furious, and showed its entire deformity in the most hideous light.

A large gang of infuriated K. N.'s made a wanton

and unpreserved attack on the Germans in the 11th and 12th wards, and destroyed the ballot boxes and tally papers.

The Germans returned to their houses and procured arms to defend themselves to the last.

The riots continued three days, in the course of which one man was shot dead, two mortally wounded, and about 20 others wounded, quite seriously.

Our Cincinnati juries having arrived, we have not seen the full particulars. It appears plain however, that the K. N.'s were the aggressors, and that it was a preconcerted plan to destroy the ballot boxes in these wards, where the democratic majority was known to be heavy, in order to change the result of the election.

Counting the votes of these wards, Faran, the democratic candidate for Mayor is elected by 1300 majority; without these wards, Taylor, K. N., has about 2100 majority.

This is one of the most horrible outrages on the sanctity of the ballot box it has ever fallen to our lot to record. Its enormity is heightened by the fact that it was committed by a party boasting of being exclusively and preeminently American in feeling, and who claim to be the great champions and safeguarders of the purity of elections and the perpetuity of our institutions. Oh, shame, where is thy blush? The cloven foot is now plainly shown. Know Nothingism has revealed itself to the public gaze in its true colors; and hereafter all peaceful law-abiding citizens must shun its foul approaches.

The cause for this savage outbreak may be found in the fact that the oath-holding conspirators found themselves so completely defeated by the popular vote. Last October, they carried the city by a majority of 5425; at this election they are in a minority of 1333—showing a net loss in six months of 6768 voters. Their vote has decreased 3200, while the democratic vote has increased 3400. The solar second thought of the people has decreed the downfall of this monomaniac and anti-republican secret order. Their daring selling at defiance of all law will only precipitate the catastrophe.

New Map of the City.

Mr. E. R. Abbott, civil engineer, has got up a splendid map of Fort Wayne, on a large sheet over four feet square, showing all the lots, out streets, causeys, railroads, &c., and the several additions to the city. It is beautifully engraved, and gives views of the Old Fort, the public buildings, Jones, Bass & Co's Car Factory, and several of the principal private residences.

The Map is worthy of the growing importance of our City, and its enterprising and talented projector deserves and will doubtless receive a ample remuneration for his labor. His map ought to be purchased by all our citizens.

DRUGGISTS.—We refer our readers to the card of Dr. Knapp in another column. He comes well recommended, and will give full satisfaction to all who need any thing in the line of his profession.

DRUGGISTS.—Those fresh Skins at M. J. Jukes's are a real luxury. Try them. All who have ever been at the sea-board during the early spring know what estimation that rich fish is held. They have hitherto been as a sort of book to us at the West; but now, thanks to the railroads and Moses Drake, we are placed on an equality with our eastern friends in this respect. Fresh skins in Fort Wayne! Who now will deny the use of railroads or the enterprise of Moses?

To see a splendid assortment of new and fashionables goods, call at the Boston Store, under Collier's Hall. It can't be beat this side of Stewart's marble palace. Mr. Abbott is not the man to let any one have the start of him, either in beauty or variety of goods or sources of prices.

Pretty well, said—We had the following

trustful and sensible remarks in the New York Railroad Advocate, to which we would direct the attention of those interested. The Advocate is a comparatively new paper, recently established by the well-known Zerah Colburn, and richly deserves the patronage of railroad men, engineers, manufacturers &c.

Dignified Economy.—The Ohio and Indiana

Bank is more indebted to the good offices of newsmen than any other road we know. It does not condone, however, even to advertisers in the leading Fort Wayne papers. The economy is bad in principle, and in bad taste. It is lucky for the road that the public has patronized it, part through the labors which the railroad officers chose to ignore.

BUFFALO, Wednesday April 4.
 The Wiggin Logiture adjourned yesterday. The Lower Logiture was then voted by the Governor. Cole is probably elected Judge of the Supreme Court.

Paying Costs of the Laws Nothing—Here they are, taken from their own stand and their own language, word for word:

"I, voluntarily and freely, do solemnly promise and swear before Almighty God, and these witnesses around me assembled, that I will not, under any circumstances whatsoever, divulge or make known to any person or persons, either directly or indirectly, or to any human being, other than those I shall know to be good and true members of the order, the names, secret agents, or the business, the same, or cause or allow the same to be done by others if within my power, to prevent the same."

"I also promise and swear that I will disclose pay to the constitution, laws and offices of the Honorable Grand Council of the State of Ohio, and to the laws which govern—Council No.—so far as they may come to my knowledge."

"I also promise and swear, *wherever I may vote at any election that they shall, in all cases, be for nativeborn Americans citizens only; and that I will ever seek the political advancement of those men who are good and true members of the order.*

Mr. Editor.—Please announce JAMES HOWE as a candidate for the office of City Marshal.

Mr. Editor.—Please announce J. F. FRANK as a candidate for re-election to the office of City Marshal.

Editor of the News—You will announce to the citizens of the City of Fort Wayne that ROBERT C. FULSON is a candidate for the office of "City Marshal" at the election for City Officers which occurs on the 1st day of May next.

MAX DEWEATRE

Fort Wayne, March 31st, 1855.

The prevalence of incorrect notices upon the subject of medicine, is a great cause of misery.

Medical practice should be governed by principles carefully deduced from the constitutional long experiences in close observations. However, however, that no individual should be taken by invalids, unless emanated from the hands of men of talents, judgment, and the related probity. Leofland's German Bitter, prepared by Dr. C. M. Jackson, Philadelphia, is a preparation emanating from one of the most celebrated practitioners of modern times, and one of the greatest medical writers Germany ever produced. This article is now in high demand, as evidence the article is a prepared oral and easily, it is producing the effect the original inventor intended. It is used by many of the leading practitioners of Philadelphia in cases of debility of the digestive organs, and biliary apparatus, and the disease arising therefrom. We therefore recommend this medicine to suffering invalids. See advertisement.

A Womack's Discovery has recently been made by Dr. Curtis, of this city, in the treatment of Gonorrhœa, Asthma, and all diseases of the lungs. We refer to "Dr. Curtis's Urethane, or Inhalation Urethane of Cherry Spirit." With this new medicine Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has numerous testimonials. Speaking of the treatment, a physician remarks—It is evident that insomuch—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the vital excretion of the lungs, and thus escape the many and varied changes produced upon them when introduced into the blood, and subjected to the process of digestion. This Urethane is so safe at all the druggists throughout the country.

W. T. ABBOTT, Fort Wayne, March 31st, 1855.

DREES' GOODS.

10,000 pieces of Dres' Goods of every description, in stock, among which may be found Plain Drapes, of every shade; Plain, Striped, and Figured Drapes; Thread and Fancy Drapes; Plain and Fancy Curtains; Drapes and Laines; Gables; and various articles, Japans, White Minkies, and Cardinals, plain and check, &c. &c.

W. T. ABBOTT, Fort Wayne, April 1st, 1855.

TRELL DRAPE & EDGINGS.

GENUINE BRUSSELS, Laces and Edgings may be found at all widths at the Fort Wayne Dry Goods Store, W. T. ABBOTT.

RECOGNITION.

Fever & Ague Cure; or, Nature's Infallible Specific

FOR THE PREVENTION AND CURE OF INFLUENZA AND PNEUMONIA AND AGUE, CURES ALL DISEASES OF THE LUNGS, AND ALL OTHER DISEASES, AND HAS A CURE IN MALARIA OR Malaria. The subtle atmospheric poison, which at certain seasons is unfortunately emitted at every hour, is the cause of the disease, whether it be in the city, village, or country. As it is a subtle poison, it is easily diffused, and cannot be easily detected, and cannot be easily removed, which is claimed to be the greatest Discovery in Medicine ever made.

This specific is so remarkable that it may be given to persons of every age, and to all classes, and it will be a salve for any disease other than those, as well as the case in the treatment by Quinine, Malaria, Arsenic, and other poisons and delusions, and a panacea for any disease of the blood.
